

911 Update

<i>Issue</i>	<i>Current Law (as of July 1, 2010)</i>	<i>Compromise as Passed by House (SB 48)</i>	<i>Senate Version</i>
Fee to Customer	Up to \$.50 in most counties/Up to \$.25 in the largest 4 counties	\$.55 for wireless & wireline (1.1% for prepaid phone service)	\$.50 in the first year/\$.40 - \$.60 as established by the 911 Coordinating Council after that.
Distribution	Money sent to PSAPs (either directly or through LCPA)	Money sent direct to PSAPs (through LCPA); small grant fund from prepaid wireless sources	82% of moneys sent direct to PSAPs (through LCPA); remainder put into grant fund for counties under 75,000
Revenue to PSAPs	Distribution of \$9-12 million from grant fund; reduction of \$7.4 million in direct payments in the future	\$1.4 million reduction statewide	\$3.1 million reduction statewide
Uses of the Fee	No change	Prohibition on radios	Removal of general "implementation" language; prohibition on radios and personnel
State Oversight	None	911 Coordinating Council	911 Coordinating Council; 911 Consultant; 3rd Party Administrator for Grant Fund; and Statewide 911 Coordinator hired by the Governor
Current \$ in Grant Fund	Redistributed based on population	Transferred to new grant fund	Transferred to new grant fund
LKM/KAC Role	LMK/KAC would collect and remit all wireless and VOIP funds. Wireline funds would be sent directly to PSAPs as they are today.	LKM/KAC would collect and remit all funds and staff the coordinating council	LKM and the KAC are removed from statute and the 911 Coordinating Council would hire staff
